FOR IMMEDIATE RELEASE

Affordable Senior Housing in the District of Columbia , Ward 8

Through the vision of the Allen Chapel AME Church and the dedication of the development team: Vision of Victory Community Development Corporation, District Development Group, and The NHP Foundation; Sunday, March 10th, 2013 marked the ribbon cutting ceremony for The Roundtree Residences, a new 91-unit senior affordable housing community in Ward 8.

The Roundtree Residences, named in honor of Rev. Dovey Johnson Roundtree, represents the hard work and dedication Rev. Roundtree put into Ward 8.

ABC 7's Maureen Bunyan served as mistress of ceremony welcoming over 500 hundred attendees. Remarks from public officials, lending partners, the development team and members of the Roundtree family described the hard work of all participants, and the positive impact this project will have on Ward 8.

Currently, 75% of the units are already preleased, and 100% occupancy is expected by the end of May.

Special thanks go out to all parties that helped make this project a reality.
